*(Occupational Outlook Handbook)*

Hone your musical ability to tell stories and connect with individuals on a deeper level.

# MUSIC A.F.A.

## MUSIC

Music is the universal language of the world, communicating across cultures. Music has the power to convey messages and capture emotions without words. If you dream of making a career of singing, songwriting, composing, or performing, then the Associate of Fine Arts (A.F.A.) degree at Motlow State Community College is for you.

Whether interested in performing on stage or working behind the scenes in the music industry, there are many career options available to graduates with an associate degree in music. Pursue your passion for musical excellence. Motlow musical training provides a foundation of music theory, practice, and performance.

Motlow's A.F.A. degree enriches your career opportunities and increases your employability within your chosen profession. A solid base in musical studies will improve your own standing and career opportunities as a musician. Music professionals use their skills to tell stories and connect with individuals on a deeper level.
